MESSAGE: Economic Stimulus Bill

Dear Senator:

I, and the officers and members of AFGE Local 1916, representing the employees at the National Energy Technology Laboratory and National Institute of Occupational Safety and Health want to thank you for supporting the Economic Stimulus Bill. Many times we fax, write you and make calls to your office, asking for your support of legislative initiatives of interest to us and probably do not thank you enough for your support. We do not want to miss the opportunity to do so, this time.

We are sure that your courage and determination to move our country forward in these difficult economic times will not go unrewarded. Leaders who rise above partisan interests to help the American people are in short supply, but you sir, are one of them.

Again, we want to thank you for your action and look forward to working with you in overcoming obstacles to rebuilding the middle class.

Very truly yours,

Ronald J. Demicheli
President

Cc John Gage, National President
Keith Hill, National Vice President
